Job announcement

National Institute for Research and Development for Isotopic and Molecular Technologies Cluj-Napoca organizes a selection contest in order to occupy **2 full time positions of Research Assistant** within the research project **24PCCDI/2018**, “**Underwater geological structures and and accumulations of biogenic methane - associated geochemical processes**” acronym - **uBioGas**, project code: PN-III-P1-1.2-PCCDI-2017-0178.

Positions' level: research assistant

Positions' type: full time, fixed period (during the period of the project + 2 years)

The employment period: December 2018- August 2022

Job Description:

The chosen candidates will contribute to the development and implementation of new analytical methods in the field of mass spectrometry (IRMS, GC-MS, HPLC).

Responsibilities within the project:

- Continuous renewal of knowledge necessary to perform assigned tasks within the project;
- Sustained training and expertise improvement in the topic of the post;
- To contribute, according to the candidate expertise, to one (or several) research tasks specified in the project: i) Development and validation of new analytical methods; ii) Isotope/ organic compounds determinations from studied matrices within the project by using mass spectrometry (IRMS, GC-MS, HPLC); iii) Processing and interpretation of obtained experimental results;
- Contributions in the dissemination of the results assessed within the project.

Job requirements:

- The candidate must be a graduate with a bachelor's degree in one of the following physical / chemistry;
- Experience in the field of mass spectrometry (IRMS, GC-MS, HPLC);
- Experience in the use of laboratory equipment;
- PC operation skills (word, excel, power point) possibly other specialized programs in the field;
- Languages: English (medium - written and spoken).

The application files should include:

- Application form (can be downloaded from the institute's website www.itim-cj.ro/cariere);
- Curriculum vitae both in Romanian and English (EuroPass model);
- Letter of intent;
- Scientific Publication list;
- Copies of study documents (high school graduation certificate, bachelor certificate with transcript of records, Master certificate with transcript of records, PhD certificate);
- Copies after: Birth certificate, ID card (passport), civil status certificate;

- Copy of working contracts/work experience/proof of enrolment in a PhD program.

The selection of the candidates will be based on: their application files (eliminary) and the interview. For the interview, the applicant should prepare a brief description of his or hers research activity.

Applications should be submitted at INCDTIM Cluj-Napoca, Human resources Department before **October 5, 2018**. For supplementary information, call: 0264-584037/191; <http://www.itim-cj.ro/cariera>

Time and place of the interview: 11.10.2018, 13AM, INCDTIM, building A, room A0.13.02.

General Manager,

Dr. Ing. Adrian BOT
